WELCOME TO THE CONFERENCE

Dear Conference Participant:

Welcome to the international conference on “Leveraging Agriculture for Improving Nutrition and Health.”

For most of us, this conference presents a rare opportunity. Although there is a growing appreciation of the links between agriculture, nutrition, and health, there are still few opportunities for professionals and practitioners in these areas to meet one another, much less work together for mutual benefit. We in the three sectors are often moving along parallel paths that rarely seem to meet.

This conference is designed to start to bend these paths more toward one another. It is a chance for professionals and practitioners in these areas to come together, discuss, and identify areas of common interest, and lay the groundwork for further action and interaction.

This effort should not end here. We hope that this conference, and the consultation process, will help stimulate new thinking and forge new relationships that will lead to joint action in the agriculture, nutrition, and health sectors and ultimately increase their benefits for the poorest people and society as a whole.

We warmly appreciate the support of the Conference Sponsors and the advice of the Conference Advisory Committee.

With best wishes for a successful conference,

CONFERENCE KNOWLEDGE FAIR

The Knowledge Fair is a forum for networking, brainstorming, and collaborating across sectors. The features include:

- More than 25 exhibit booths and tables;
- Movie viewing station where you can relax and watch short videos;
- Electronic poster stations projecting slides on innovative concepts;
- Email stations to broadcast your thoughts to the world;
- Participants' table where you can pick up complimentary handouts and leave messages for program speakers;
- Discussion easels that challenge you to share your ideas;
- Discussion groups that give you the chance to debate and brainstorm with colleagues; and
- Rapid fire presentations: Side stage where presenters have exactly 5 minutes to speak on any subject.

DISCUSSION GROUPS

The Knowledge Fair discussion groups will be held on the mornings of February 11 and February 12. The groups are highly informal; they will not be chaired and the agenda will be set by the group participants. Conference attendees do not need to pre-register or confirm their participation in the discussion groups.
